

# **BOARD MEETING SUMMARY**

## **Board of Education Meeting**

**September 7, 2019**

### **Work Session**

#### **Levy Information – Issue 7**

Dr. Anstadt announced that Washington Local Schools was assigned, Issue 7 by the Board of Elections, for the November ballot. Further, she provided that meetings will continue with TAWLS and OAPSE and additional groups, regarding the information that will be disseminated for the levy. Committees are continuing to form as well as the first training for door-to-door canvassing of neighborhoods and to provide additional guidance on how to have a successful campaign.

**Who: Anyone Interested Contact Building Principal**

**What: Training – Canvassing Door-to-Door**

**When: Thursday, September 12<sup>th</sup> at 2:45 & 3:15**

**Where: Whitmer High School Rm. #115**

This training is intended to help alleviate the fear of walking door-to-door, provide additional levy information and ideas for laying the foundation for the future of WLS.

#### **Toledo Clinic**

With the transition of our new superintendent, Dr. Anstadt has requested to have additional discussions with the Toledo Clinic to be able to provide updates as well as continue to search for a location for the YMCA within the district. It is her hope that with the assistance of Richard Merritt (Jay), Supervisor of Maintenance & Facilities, that an additional location is available for the before and after school program. The Board of Education has requested updates at the September 18<sup>th</sup> meeting.

#### **Safe Routes Initiative**

Dr. Anstadt realizes the importance and need for our students to have safe routes to school. Through the “Safe Routes Initiative,” Washington Local Schools has adopted the implementation of this program. It is not just Washington Local School members that understand the need and importance for sidewalks, it is community leaders that also realize this need. Group meetings are being held monthly by city leaders to create a School Travel Plan. The Board of Education would like high priority areas within our district to have more of a push to move quicker as these areas hold potential risks and dangers for our students.

#### **OSBA – Ohio School Board Association**

All members of the Board of Education are scheduled to attend the annual OSBA Capital Conference, November 10-12, 2019.

#### **Staffing**

Dr. Anstadt updated the Board of Education regarding the incoming students and staff, as well as the potential to fill positions. Further, discussion included overcrowding and the overflow issue for intradistrict transfers.
