Prepared for Success

COMPONENT GRADE

D

Whether training in a technical field or preparing for work or college, the Prepared for Success component looks at how well prepared Ohio's students are for all future opportunities.

Achievement

The Achievement component represents the number of students who passed the state tests and how well they performed on them.

COMPONENT GRADE

D

Performance Index

GRADE

D

The Performance Index measures the test results of every student, not just those who score proficient or higher. There are six levels on the index and districts receive points for every student in each of these levels. The higher the achievement level the more the points awarded in the district's index. This rewards schools and districts for improving the performance of all students, regardless of achievement level.
Performance Index
69.5%

83.4 of a possible 120.0

A = 90.0 - 100.0%

Gifted Students

The Gifted Students data and Indicator highlight the opportunities for and performance of gifted students. The dashboard answers several questions: How many students are identified as gifted and in what categories? How many of those students are receiving gifted services? How well are those gifted students performing? The Gifted Indicator measures whether opportunity and performance expectations are being met for gifted students.

INDICATOR

Not Met

Overview

The Gifted Indicator is derived from three components: Gifted Value Added grade, the Performance Index for gifted students, and a Gifted Inputs score.

Gifted Value Added

Value Added Grade:	C
Enrollment:	7,015
Value Added Met?	1

Districts must earn a Gifted Value Added grade of C or better to meet the Gifted Value Added component. A grade of "NR" results in Not Met if the district has an ADM of 600 or more.

Gifted Performance Index

Performance Index:	111.989
Performance Index Met?:	Not Met

Districts with at least 10 unique students in the Gifted Performance Index calculation must score 117.0 or better to meet the Gifted Performance Index component.

Gifted Inputs

Total Points:	45.0
Gifted Inputs Met?:	Not Met

Points are earned based on identification and services provided to gifted students. Districts must earn at least 80 points out of a possible 100 to meet the Gifted Inputs component.

Gifted Indicator Final Result

INDICATOR

Not Met

The Gifted Indicator is Met if none of the three components are Not Met. Gifted Inputs alone cannot determine the Gifted Indicator, however; if both the Value Added and Performance Index components are NC, then the Gifted Indicator is also NC.

Performance Index

The Performance Index calculation for gifted students. Only tests taken by students identified as gifted in that subject (e.g. gifted in Math and taking the Math test), or taken by students identified with Super Cognitive abilities regardless of test subject are included.
93.3%

111.989 of a possible 120.0

Gifted Indicator

The Gifted Inputs calculation assigns points based on the percentage of students identified and served in eight categories (factors). The points earned for each category are totaled to determine the final Met/Not Met determination for the Gifted Input component.

### Reading, Math, Science, Social Studies, and Superior Cognitive Abilities

Progress

The Progress component looks closely at the growth that all students are making based on their past performances.

COMPONENT GRADE
D

GRADE
F

Overall

This measures the progress for all students in math, ELA, science and social studies using tests in grades 4-8 and some end-of-course exams.

GRADE
C

Gifted Students

This measures the progress for students identified as gifted in reading, math, science, social studies and/or superior cognitive ability.

GRADE
C

Students in the Lowest 20% in Achievement

This measures the progress for students identified as the lowest 20% statewide in reading, math, science or social studies achievement.

GRADE
F

Students with Disabilities

This measures the progress for students with disabilities.

Progress Details

These tables show the Progress scores by test grade and subject for students in grades 4-8 and some end-of-course tests, and includes up to three years of data as available.

High School	English I	🟥
	English II	🟥

| Test Grade		Progress Score
High School	Algebra I	🟩
	Geometry	🟩

What do the colors mean?

The Progress Component measures how groups of students made progress as compared to the statewide expectation of growth. The expectation of growth is based on how students in the group performed, on average, compared to other students like them across the state

🟩 Dark Green	Students made more progress than expected – significant evidence
🟩	Students made more progress than expected – moderate evidence
🟨	Students made progress similar to the statewide expectation – evidence
🟧	Students made less progress than expected – moderate evidence
🟥	Students made less progress than expected – significant evidence

Progress vs. Performance Index

This bubble chart shows the relationship between each subgroup's Performance Index results (horizontal axis) to the Value-Added letter grade (vertical axis). The size of the bubble represents the size of the student subgroup.

Legend:

F =   0.0 - 59.9%

Annual Measurable Objectives

Annual Measurable Objectives (AMOs) compare the performance of student groups to a state goal which is displayed as the red line in the following charts. These charts show how well each group achieves that goal in reading, math and graduation – and emphasize any achievement gaps that exist between groups. The ultimate goal is for all groups to achieve at high levels.

■ Remained Off Track ■ Moved to On Track

Percentage On-Track in Reading Diagnostic

This chart shows the overall percentage of students that were on-track/not-on-track for each grade level reading diagnostic in 2016-2017.

Third Grade Reading Guarantee

Ohio's Third Grade Reading Guarantee ensures that students are successful in reading before moving on to fourth grade. Schools must provide supports for struggling readers in early grades. If a child appears to be falling behind in reading, the school will immediately start a Reading Improvement and Monitoring Plan. The program ensures that every struggling reader gets the support he or she needs to learn and achieve.

Students have multiple opportunities to meet promotion requirements including meeting a minimum promotion score on the reading portion of the state's third grade English language arts test given twice during the school year. Students have an additional opportunity to take the state assessment in the summer, as well as a district-determined alternative assessment.

| How many third graders met the Third Grade Reading Guarantee requirements for promotion to 4th grade?	93.2%
How many third graders scored proficient on the state Reading test?	60.2%

Prepared for Success

Whether training in a technical field or preparing for work or college, the Prepared for Success component looks at how well prepared Ohio's students are for all future opportunities.

### How Prepared were Your 2015 and 2016 Graduating Classes?

Districts and schools have long-term impacts on student outcomes. The Prepared for Success component provides information on how schools prepare students for different pathways of college and career success. It also provides insights on how those students do once they leave high school. What happens beyond the diploma is an important indicator of how well schools are preparing students.

The University System of Ohio provides district reports on enrollment and remediation of high school graduates attending in-state, public colleges and universities.

NC = Not Calculated because there are fewer than 10 in the group

State and federal law require an annual assessment of Limited English Proficient (LEP) students to measure their English language proficiency. The Ohio English Language Proficiency Assessment (OELPA) is the assessment used in Ohio to gauge LEP students' growth in learning English. For information about your district's OELPA results, see the Department of Education's web site at http://education.ohio.gov.
Enrollments of less than 10 students are not shown.

Attendance

Chronic Absenteeism Rate:

This chart shows the percentage of students who, because they moved into or out of the district, did not spend a majority of the school year within the district.

Your District's Teachers

	All Schools in the District	High Poverty Schools	Low Poverty Schools
Percentage of teachers with at least a Bachelor's Degree	99.1	0.0	0.0
Percentage of teachers with at least a Master's Degree	69.4	0.0	0.0
Percentage of core academic subject and elementary classes not taught by Highly Qualified Teachers	0	--	--
Percentage of core academic subject and elementary classes taught by properly certified teachers	100	--	--
Percentage of core academic subject elementary and secondary classes taught by teachers with temporary, conditional or long-term substitute certification/licensure	0	--	--

A district's high poverty schools are those ranked in the top quartile based on the percentage of the district's economically disadvantaged students. Low-poverty schools are those ranked in the bottom quartile based on the percentage of economically disadvantaged students. A district may have buildings in both quartiles, in just one quartile, or in neither quartile.

NC = Not Calculated because there are fewer than 10 in the group

Wellness and Physical Education

The extent to which students are successful in meeting the benchmarks contained in Ohio's physical education standards	Compliance with the federal requirement for implementing a local wellness policy	Elected to administer BMI screening	Participation in Physical Activity Pilot Program
Moderate Success	✔	✘	✘

School Choice Options: Place of Enrollment for Students Residing in the District

The School Choice Options data is a set of nine counts describing the place of enrollment for students residing in the school district, captured as a snapshot of a single day in the school year. Web links provide further information about certain options.

Districts and STEM Schools

6,774 students enrolled in the district where they lived

78 students enrolled in another public district through Open Enrollment

59 students enrolled in another public district by means other than Open Enrollment

Community Schools

100 students enrolled in an online community school

224 students enrolled in a site-based community school

38 students enrolled in a Dropout Prevention and Recovery Program (online or site-based)*

*Students included in Dropout Prevention and Recovery Program counts are also included in either the online or site-based community school counts.

Non-Public Schools*

0 students participated in the EdChoice Scholarship or Cleveland Scholarship Program

41 students participated in the EdChoice Expansion Program

11 students participated in the Ohio Autism Scholarship or Jon Peterson Special Needs Scholarship Program

*ODE does not collect and cannot report information on district residents who are non-voucher students attending a non-public school.

Financial Data

These measures answer several questions about spending and performance. How much is spent on Classroom instruction? How much, on average, is spent on each student? What is the source of the revenue? How do these measures compare to other districts and schools?

Comparison Group: Enrollment between 5000 and 9999

Classroom Spending Data

What percent of funds are spent on classroom instruction?

70.0%

How does this district rank in comparison to other districts of similar size?
20 out of 46

A rank of 1 indicates the highest percent spent on classroom instruction.

District	Comparison Group	State
30.0%	30.8%	32.4%
70.0%	69.2%	67.6%
■ Classroom Instruction ■ Non-Classroom Instruction

Spending per Pupil Data

	District	State
Operating Spending per Pupil	$9,583	$9,149
Classroom Instruction	$6,713	$6,181
Non-Classroom Spending	$2,870	$2,968
✗ Washington Local IS NOT among the 20% of public districts with the lowest operating expenditures per pupil

✗ Washington Local IS NOT among the 20% of public districts with the highest academic performance index scores.

Note: District financial data do not include data associated with community schools that are sponsored by the school district.
Spending and Performance

This measure answers the question – what is the relationship of average spending per student to performance, and how does that compare to similar districts and schools?
