

2018-2019 Whitmer High School
Basic Science supply list

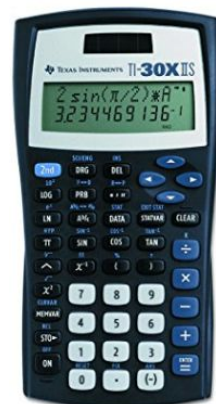

Here is a list of supplies that will/may be necessary for your child in science class.

Please note that specific, additional supplies may be needed once the next school year starts.

Please look for back to school ads for the best prices on these items.

1. Pencils. Mechanical or traditional wooden. Doesn't matter as long your child has 2 with them at all times.
2. Pens. Blue or black (and a few red pens- if self grading). Other colors are used by the teachers to grade.
3. Colored pencils- the 12 count box is perfect.
4. Two three-ringed binders 1 ½ or 2 inches. Hard sided.
5. Folders for your assignments. Red, green, blue, and yellow plastic folders work best.
6. Scientific Calculator. **This item is required as no cellphones are to be used in class for any reason that includes the calculator function.** Texas Instruments has a nice calculator. You can get them anywhere and check for the back to school ads for the best price. Texas Instruments TI-30X IIS 2-Line Scientific Calculator (any color).

The picture on the right shows the exact calculator that works best for 9th grade science, biology, chemistry, physics, environmental science. You may buy this calculator from stores like Walmart, Target, Office Max, and Amazon.

7. Index cards- 3x5in and 4x6in (a few each)
8. Highlighters-different colors.
9. Loose leaf paper- college ruled (replenish throughout the year)
10. 3 spiral notebooks (1 subject- college-ruled)
11. Chromebooks (You ARE NOT required to purchase a Chromebook. Please sign up for one through the school or check one out every morning as science classes use them daily).
