

# Exploring the World of Health Care

## SYLLABUS

Teacher: Bradley S. Tolly, MA, MHS, PA

(voicemail) 419.473.8344

Room Location: C208

(E-mail): BTolly@wls4kids.org

Course Length: Semester

Fees: \$ 10.00

**Course Description:** The focus of this course is to provide students with an overview of the health care field. The basic-entry-level information covered serves as a solid foundation for any student interested in the medical or health science occupations, regardless of the particular health care profession they are interested in pursuing.

**Textbook:** Introduction to Health Science Technology

**Materials Needed:** The student will need pens, pencils and a two pocket folder.

**Grading Policy:** Grading will be based on a total point system and assessed by the following: tests, quizzes, work sheets and at times, power-point presentations.

A = 90% - 100%

D = 6% - 69%

B = 80% - 89%

F = 59% and below

C = 70% - 79%

**Homework Policy:** If assigned, homework will be checked for accuracy and completeness. Homework not attempted will receive a zero.

**Late Work/Absent Work Policy:** If the student is absent, it is their responsibility to see the course instructor to make up any missed work. Students will have twice the amount of days they were out to hand in all of missed work plus keeping up with current assignments.

**Course Calendar:** A partial list of topics to be covered:

Health Care Systems

Basic Anatomy & Physiology

Careers in Health Care

Nutrition

Qualities of a Health Care Worker

Geriatric Care

Legal & Ethical Responsibilities

Human Growth & Development

Basic Medical Terminology

Basic Medical Treatment of Injuries
