Trilby Elementary School

Ohio Department of Education

5720 Secor Rd, Toledo, OH 43623-1902 - Grades K-6,P - Lucas County

The School Report Card for the 2009-2010 school year shows the progress schools have made based on four measures of performance.

Indicators

Adequate Yearly Progress

The combination of the four measures is the basis for assigning state designations to districts, buildings and community schools.

The six designations are

- Excellent with Distinction
- Excellent
- Effective
- Continuous Improvement
- Academic Watch
- Academic Emergency

State Indicators

To meet a test indicator for grades 3-8 and 10, at least 75% of students tested must score proficient or higher

on that test. Other indicator requirements are: 11th grade Ohio Graduation Tests, 85%; Attendance Rate, 93%; Graduation Rate, 90%.

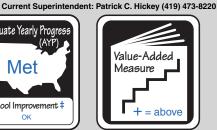

2009-2010 School Year Report Card

Current Principal: Linda D. Culp (419) 473-8299

Students enrolled in Title I schools in School Improvement may be eligible for Public School Choice or Supplemental Educational Services

-- = Not Calculated/Not Displayed when there are fewer than 10 in the group *Cumulative results for students who took the tests as 10th or 11th graders.

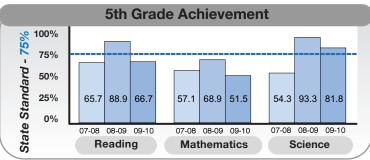

Your School's Assessment Results Over Time

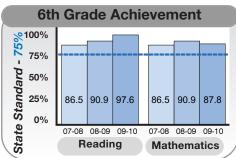

All students in the school for a full academic year are included in the results.

State Indicators

The State Indicators are

based on state
assessments, as well
as on attendance and
graduation rates.
To earn an indicator
for Achievement or
Graduation Tests, at
least 75% of students
must reach proficient
or above for the given
assessment.
For the 11th grade Ohio
Graduation Tests indicators,
a cumulative 85% passage
rate for each assessment

is required.

^{*}Cumulative results for students who took the tests as 10th or 11th graders.

Performance Index

Performance Index Calculations for the 2009-2010 School Year

	Advanced	20.2	Χ	1.2	=	24.2

Your School's Performance Index

The Performance Index reachieven

The Performance
Index reflects the
achievement of every student
enrolled for the full academic

year. The Performance Index is a weighted average that includes all tested subjects and grades and untested students. The greatest weight is given to advanced scores (1.2); the weights decrease for each performance level and a weight of zero is given to untested students. This results in a scale from 0 to 120 points. The Performance Index can be compared across years to show school achievement trends.

Performance Index Over Time

2009-2010	2008-2009	2007-2008
97.6	99.8	93.4

Value-Added Measure

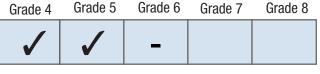

Overall Composite

Scores reflect grade level and overall composite ratings for the 2009-2010 school year.

97.6

Reading

Mathematics

Note: Value-Added results are computed only for buildings that include students in grades 4 through 8.

Your school's Value-Added rating represents the progress your school has made with its students since last school year. In contrast, achievement scores represent students' performance at a point in time. A score of "Above" indicates greater than one year of progress has been achieved; "Met" indicates one year of progress has been achieved. Yalue-Added results are computed only for buildings that include sufficient testing data for students in any grade 4 through 8.

This legend explains terms used in the above chart that describe whether each student group met this year's AYP goals.

Legend

For test indicators, AYP can be met in one of four ways:

- 1) meeting the AYP targets with current year results;
- 2) meeting the AYP targets with two-year combined results;
- 3) meeting the improvement requirements of Safe Harbor;
- 4) meeting the AYP targets with projected results.

For non-test indicators, AYP can be met in one of three ways:

- 1) meeting the AYP targets with current year results;
- 2) meeting the AYP targets with two-year combined results;
- 3) making improvement over the previous year.
- * The non-test indicators used for overall AYP (Attendance Rate and Graduation Rate) are evaluated only for the All Students subgroup.

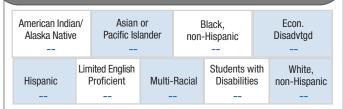

N/A	Not applicable.
NR	Not Required – This indicator was not evaluated for this subgroup because the subgroup size was smaller than the minimum number needed to achieve a statistically reliable result. 30 students is the minimum size for the proficiency and non-test indicators, while 40 is the minimum size for the participation rate indicators.
Met	This subgroup met AYP for this indicator with its current year, two-year combined, Safe Harbor, or growth measure results.
Not Me	This subgroup did not meet AYP for this indicator.

Adequate Yearly Progress (AYP) is a federally required measure. Every school and district must meet AYP goals that are set for Reading and Mathematics

Proficiency and Participation, Attendance Rate, and Graduation Rate. These goals are applied to ten student groups: All Students, Economically Disadvantaged Students, Asian/Pacific Islander Students, Black, non-Hispanic Students, American Indian/Alaska Native Students, Hispanic Students, Multi-Racial Students, White,

non-Hispanic Students, Students with Disabilities (IEP), and Students with Limited English Proficiency (LEP). If any one of these groups does not meet AYP in Reading or Mathematics Proficiency, or in Participation, Attendance Rate, or Graduation Rate, then the school or district does not meet AYP. Not meeting AYP for consecutive years will have both federal and state consequences. Federal consequences could include a school or district being identified for improvement. State consequences could include a reduction in the state's rating designation.

2008-2009 Graduation Rate Information

The disaggregated graduation rates of your school are provided for informational purposes only and are not used for your AYP determination.

Number of Limited English Proficient Students Excluded from Accountability Calculations

Under the federal No Child Left Behind Act, states are required to report certain data about schools and teachers. Data presented here are for reporting purposes only and are not used in the computation of the state designation for districts and schools.

Federally Required School Teacher Information

Your Building's Poverty Status*: High Poverty	Your Building	District
Percentage of teachers with at least a Bachelor's Degree	100.0	96.3
Percentage of teachers with at least a Master's Degree	70.6	62.1
Percentage of core academic subject elementary and secondary classes not taught by highly qualified teachers	0.0	0.4
Percentage of core academic subject elementary and secondary classes taught by properly certified teachers	100.0	100.0
Percentage of core academic subject elementary and secondary classes taught by teachers with temporary, conditional or long-term substitute certification/licensure	0.0	0.0

^{*}High-poverty schools are those ranked in the top quartile based on the percentage of economically disadvantaged students. Low-poverty schools are those ranked in the bottom quartile based on the percentage of economically disadvantaged students.

 $[{] ext{--}}=$ Not Calculated/Not Displayed when there are fewer than 10 in the group.

Determining Your School's Designation

Determining your school's report card designation is a multi-step process. The first step is to determine a preliminary designation, which is based on the following components: 1) the percentage of indicators met, 2) the performance index and 3) AYP determination.

tion Preliminary Designation		AYP Designation		Performance Index		Indicators Met
et = Excellent	=	Met or Not Met	and	100 to 120	or	94%-100%
et = Effective	=	Met or Not Met	and	90 to 99.9	or	75%-93.9%
= Continuous	=	Met	and	0 to 89.9	or	0%-74.9%
= Improvement	=	Not Met	and	80 to 89.9	or	50%-74.9%
= Academic Watch	=	Not Met	and	70 to 79.9	or	31%-49.9 %
= Academic Emergency	=	Not Met	and	0 to 69.9	and	0%-30.9%

The preliminary designation results from identifying the higher value between the percentage of indicators met by your school and your school's performance index. AYP then is evaluated to determine its effect on the preliminary designation. There are three ways in which AYP can affect the preliminary designation.

- 1. If a school meets AYP in the current year, it can be rated no lower than Continuous Improvement.
- If a school does not meet AYP for three consecutive years and in the current year it does not meet AYP in more than one student group, it can be rated no higher than Continuous Improvement.
- 3. In all other cases, AYP has no effect on the preliminary designation.

Once the preliminary designation is determined, Value-Added, the fourth measure in the accountability system, is evaluated to determine the impact (if any) on the school's final designation.

- If your school's designation is restricted to Continuous Improvement due to AYP, Value-Added has no impact on the designation and the preliminary designation becomes the final designation.
- If your school experiences above expected growth for at least two consecutive years, your school's final designation will increase by one designation.
- 3. If your school experiences below expected growth for at least three consecutive years, your school's final designation will decrease by one designation.

Preliminary Designation		Value-Added Measure*	Final Designation		
Excellent	and	Above expected growth for at least 2 consecutive years	Excellent with Distinction		
LAGGIIGHT	anu	Below expected growth for at least 3 consecutive years	Effective		
Effective	and	Above expected growth for at least 2 consecutive years	Excellent		
211004110	and	Below expected growth for at least 3 consecutive years	Continuous Improvement		
Continuous Improvement	and	Above expected growth for at least 2 consecutive years	Effective		
-		Below expected growth for at least 3 consecutive years	Academic Watch		
Academic Watch	and	Above expected growth for at least 2 consecutive years	Continuous Improvement		
Adddonio Waton	and	Below expected growth for at least 3 consecutive years	Academic Emergency		
Academic Emergency	and	Above expected growth for at least 2 consecutive years	Academic Watch		
Academic Emergency	and	Below expected growth for at least 3 consecutive years	Academic Emergency		

^{*}In all other cases, including if your school's designation has been restricted to Continuous Improvement, then Value-Added will have no impact on the designation and the preliminary designation becomes the final designation.

The National Assessment of Educational Progress (NAEP),

often referred to as "The Nation's Report Card," is the only nationally representative and continuing assessment that enables the comparision of performance in Ohio and other states in various subject areas. Schools and students within each state are selected randomly to be a part of the assessment. Not all students in the state or in a particular school take the assessment. Data are reported at the state level only, and there are no individual student or even school summary results. The assessments are conducted in mathematics, reading, science, writing, the arts, civics, economics, geography and U.S. history.

To view Ohio's most recent NAEP results, go to:

http://education.ohio.gov

and search for key word "NAEP"
