

Weekly COVID-19 Weekly Report September 28, 2020

Governor DeWine announced an Ohio Department of Health order that requires school districts to publicly share Covid-19 data. Each district is required to provide non-identifying information about positive COVID-19 cases publicly available. We will not share the names of students and/or staff within the COVID-19 report. Each Monday, Washington Local plans to share the data from the previous week on our website. Daily updates are shared with the Toledo-Lucas County Health Department.

| September 28, 2020 (Previous Week's Data) | This Week's Numbers | Changes from Last Week | Total Population Size | Percentage of Population |
|--|------------------------|---------------------------|--------------------------|-----------------------------|
