5601 Clegg Dr, Toledo, OH 43613-2022 - Grades 9-12 - Lucas County

The School Report Card for the 2007-2008 school year shows the progress schools have made based on four measures of performance.

Indicators

Adequate Yearly Progress

The combination of the four measures is the basis for assigning state designations to districts, buildings and community schools.
The six designations are

- Excellent with Distinction*
- Excellent
- Effective
- Continuous Improvement
- Academic Watch
- Academic Emergency

*new designation beginning 2007-2008 due to Value Added Indicators To meet a test indicator for grades 3-8 and 10, at least $75 \%$ of students tested must score proficient or higher on that test. Other indicator requirements are: 11th grade Ohio Graduation Test, 85\%; Attendance Rate, 93\%; Graduation Rate, $90 \%$.

## Your School's Assessment Results Over Time

All students in the school for a full academic year are included in the results.

State Indicators

The State Indicators are
based on state
assessments, as well as on attendance and
graduation rates.
To earn an indicator
for an Achievement or
Graduation Test, at least
75\% of students must reach proficient or above for the given assessment.
For the 11th grade OGT
indicator, a cumulative
85\% passage rate for each assessment is
required.

## Performance Index Score

Performance Index Score Calculations for the 2007-2008 School Year

The Performance Index Score reflects the achievement of

## Legend

This legend explains terms used in the above chart that describe whether each student group met this year's AYP goals.

For test indicators, AYP can be met in one of four ways:

1) meeting the AYP targets with current year results;
2) meeting the AYP targets with two-year combined results;
3) meeting the improvement requirements of Safe Harbor;
4) meeting the AYP targets by combining currently proficient students with
those students projected to become proficient.

For non-test indicators, AYP can be met in one of three ways:

1) meeting the AYP targets with current year results;
2) meeting the AYP targets with two-year combined results;
3) making improvement over the previous year.

| those students projected to become proficient. |  |  |
| :---: | :--- | :---: |
| NA | Not Applicable. |  |
| NR | Not Required - This indicator was not evaluated for this subgroup because the subgroup size was smaller than the minimum number needed to achieve a statisti- <br> cally reliable result. 30 students is the minimum size for the proficiency and non-test indicators, while 40 is the minimum size for the participation rate indicators. |  |
| Met | This subgroup met AYP for this indicator with its current year, two-year combined, Safe Harbor, or growth measure results. |  |
| Not Met | This subgroup did not meet AYP for this indicator. |  |
| Note: *The AYP determination for Attendance Rate and Graduation Rate is evaluated using only the results of the 'All Students' group. |  |  |

Adequate Yearly Progress (AYP) is a federally required measure. Every school and district must meet AYP goals that are set for Reading and Mathematics Proficiency and Participation, Attendance Rate, and Graduation Rate. These goals are applied to ten student groups: All Students; Economically Disadvantaged Students; Asian/Pacific Islander Students; Black, non-Hispanic Students; American Indian/Alaskan Native Students; Hispanic Students; Multi-Racial Students; White, non-Hispanic Students; Students with Disabilities (IEP); and Students with Limited English Proficiency (LEP). If any one of these groups does not meet AYP in Reading or Mathematics Proficiency, or in Participation, Attendance Rate, or Graduation Rate, then the school or district does not meet AYP. AYP also can affect the state designation that a school or district receives in one of two ways. Not meeting AYP for consecutive years will have both federal and state consequences. Federal consequences could include a school or district being identified for improvement. State consequences could include a reduction in the state's rating designation.

The Measures of a Rigorous Curriculum are intended to report on the completion of a rigorous curriculum and other indicators of student success that ensure students leave school with the knowledge and skills needed to succeed in college, careers and citizenship. These indicators pertain to schools that have any combination of grades 10,11 and 12.

## Legend

EMIS - Education Management Information System of the Ohio Department of Education
ACT College Entrance Exam - Nonprofit organization that administers the ACT College Entrance Test
College Board (SAT) - Nonprofit membership association that administers the SAT exam
PSEO - Post-Secondary Enrollment Options, a program that enables high school students, grades 9-12, to earn college and high school graduation credit
AP - Advanced Placement, a program offering courses/exams that provide students the opportunity to earn credit or advanced standing at colleges and universities
Tech Prep - A combination of college preparatory academics and advanced careertechnical education

## Determining Your School's Rating

Determining your school's report card designation is a multi-step process. The first step is to determine a preliminary rating, which is based on the following components: 1) the percentage of indicators met, 2) the performance index score and 3) AYP status.

| Indicators Met |  | Performance Index Score |  | AYP Status |  | Preliminary Designation |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| 94\%-100\% | or | 100 to 120 | and | Met or Not Met | $=$ | Excellent |
| 75\%-93.9\% | or | 90 to 99.9 | and | Met or Not Met | $=$ | Effective |
| 0\%-74.9\% | or | 0 to 89.9 | and | Met | $=$ | Continuous |
| 50\%-74.9\% | or | 80 to 89.9 | and | Not Met | $=$ | Improvement |
| 31\%-49.9\% | or | 70 to 79.9 | and | Not Met | = | Academic Watch |
| 0\%-30.9\% | and | 0 to 69.9 | and | Not Met | $=$ | Academic Emergency |

The preliminary rating results from identifying the higher value between the percentage of indicators met by your school and your school's performance index score. AYP then is evaluated to determine its effect on the preliminary designation. There are three ways in which AYP can affect the preliminary designation.

1. If a school meets AYP in the current year, it can be rated no lower than Continuous Improvement.
2. If a school does not meet AYP for three consecutive years and in the current year it does not meet AYP in more than one student group, it can be rated no higher than Continuous Improvement.
3. In all other cases, AYP has no effect on the preliminary designation.

Once the preliminary designation is determined, value-added, the fourth measure in the accountability system, is evaluated to determine the impact (if any) on the school's final designation.

1. If your school's rating is restricted to Continuous Improvement due to AYP, then value-added will have no impact on the designation and the preliminary designation becomes the final designation.
2. If your school experiences above expected growth for at least two consecutive years, your school's final designation will increase by one level.
3. In all other cases, value added has no effect on the rating and the preliminary designation becomes the final designation.

|  |  |  |  |
| :---: | :---: | :---: | :---: |
| Preliminary Designation |  | Value-Added Measure | Final Designation |
| Excellent | and | Above expected growth for at least 2 consecutive years | Excellent with Distinction |
|  |  | Otherwise no effect on rating | Excellent |
| Effective | and | Above expected growth for at least 2 consecutive years | Excellent |
|  |  | Otherwise no effect on rating | Effective |
