

## Weekly COVID-19 Weekly Report January 18, 2021

Governor DeWine announced an Ohio Department of Health order that requires school districts to publicly share Covid-19 data. Each district is required to provide non-identifying information about positive COVID-19 cases publicly available. We will not share the names of students and/or staff within the COVID-19 report. Each Monday, Washington Local plans to share the data from the previous week on our website. Daily updates are shared with the Toledo-Lucas County Health Department.
